

## Welcome: Cassy Chavez

We are thrilled to welcome Cassandra (Cassy) Chavez to our teaching staff for the 2021-2022 school year. Ms. Chavez will be our kindergarten teacher and she is a recent graduate of Pacific Union College. Her state credentials qualify her to teach both K-8 grades and high school English. Cassy was born and raised in Nevada County and is looking forward to returning to her hometown. I had the privilege of teaching her older brother, Joey Chavez, during my first year teaching at ERCS in 2001.

I will be meeting with Ms. Chavez Friday morning, June 18, to give her the keys to her classroom, because she wants to start planning for the upcoming school year. Cassy will not disappoint. She will give her students and parents 110%+. For those of you who attended ERCS for the 2020-2021 school year, Cassy spent the first two weeks in the 3rd-5th grade classroom for one of her student teaching assignments. Our

kiddos really connected with Cassy and I was impressed with her work-ethic, skillset and ability to form strong relationships with the students during such a short time period.

## Sad News

It is with a heavy heart that we must let you know that Linda Severs has resigned her position at ERCS. She and her husband have decided that it is best for them to move to Minnesota for health reasons, and to be closer to their daughter. We will miss her, but we wish her all the best on her new adventure.

## The Search is ON

We have begun the search for our new upper grades teacher, and we have faith that God will answer our prayers, and send us – not just ANY teacher, but a teacher who will be the right fit for this time and place.

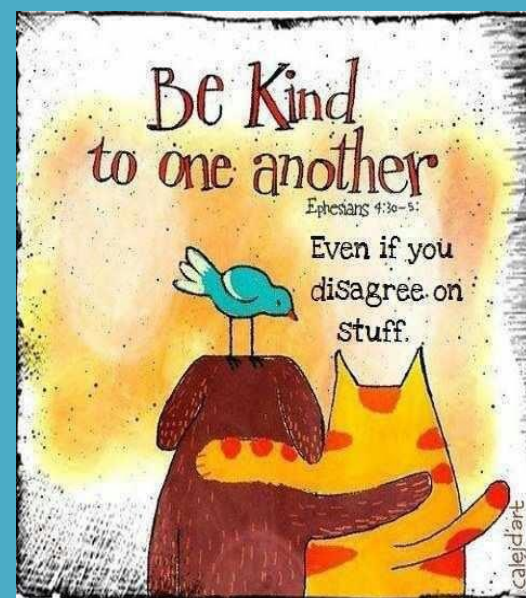

## ERCS 2021-2022

As we plan for the coming school year, we would like to ask parents a few questions about what you would like to see happen in certain areas. Please go to the link in your email to fill out the survey.
